SARAIVA + ASSOCIADOS

An architectural project signed by the renowned studio **SARAIVA+ASSOCIADOS**.

Simple and minimalist design language, defined by the rhythm of large glazed openings that shape the façade.

Two buildings that rise from the ground, enhancing visual permeability and lightness.

The balconies extend the interior spaces, unfolding over the surrounding green areas.

SERENITY

SERENITY

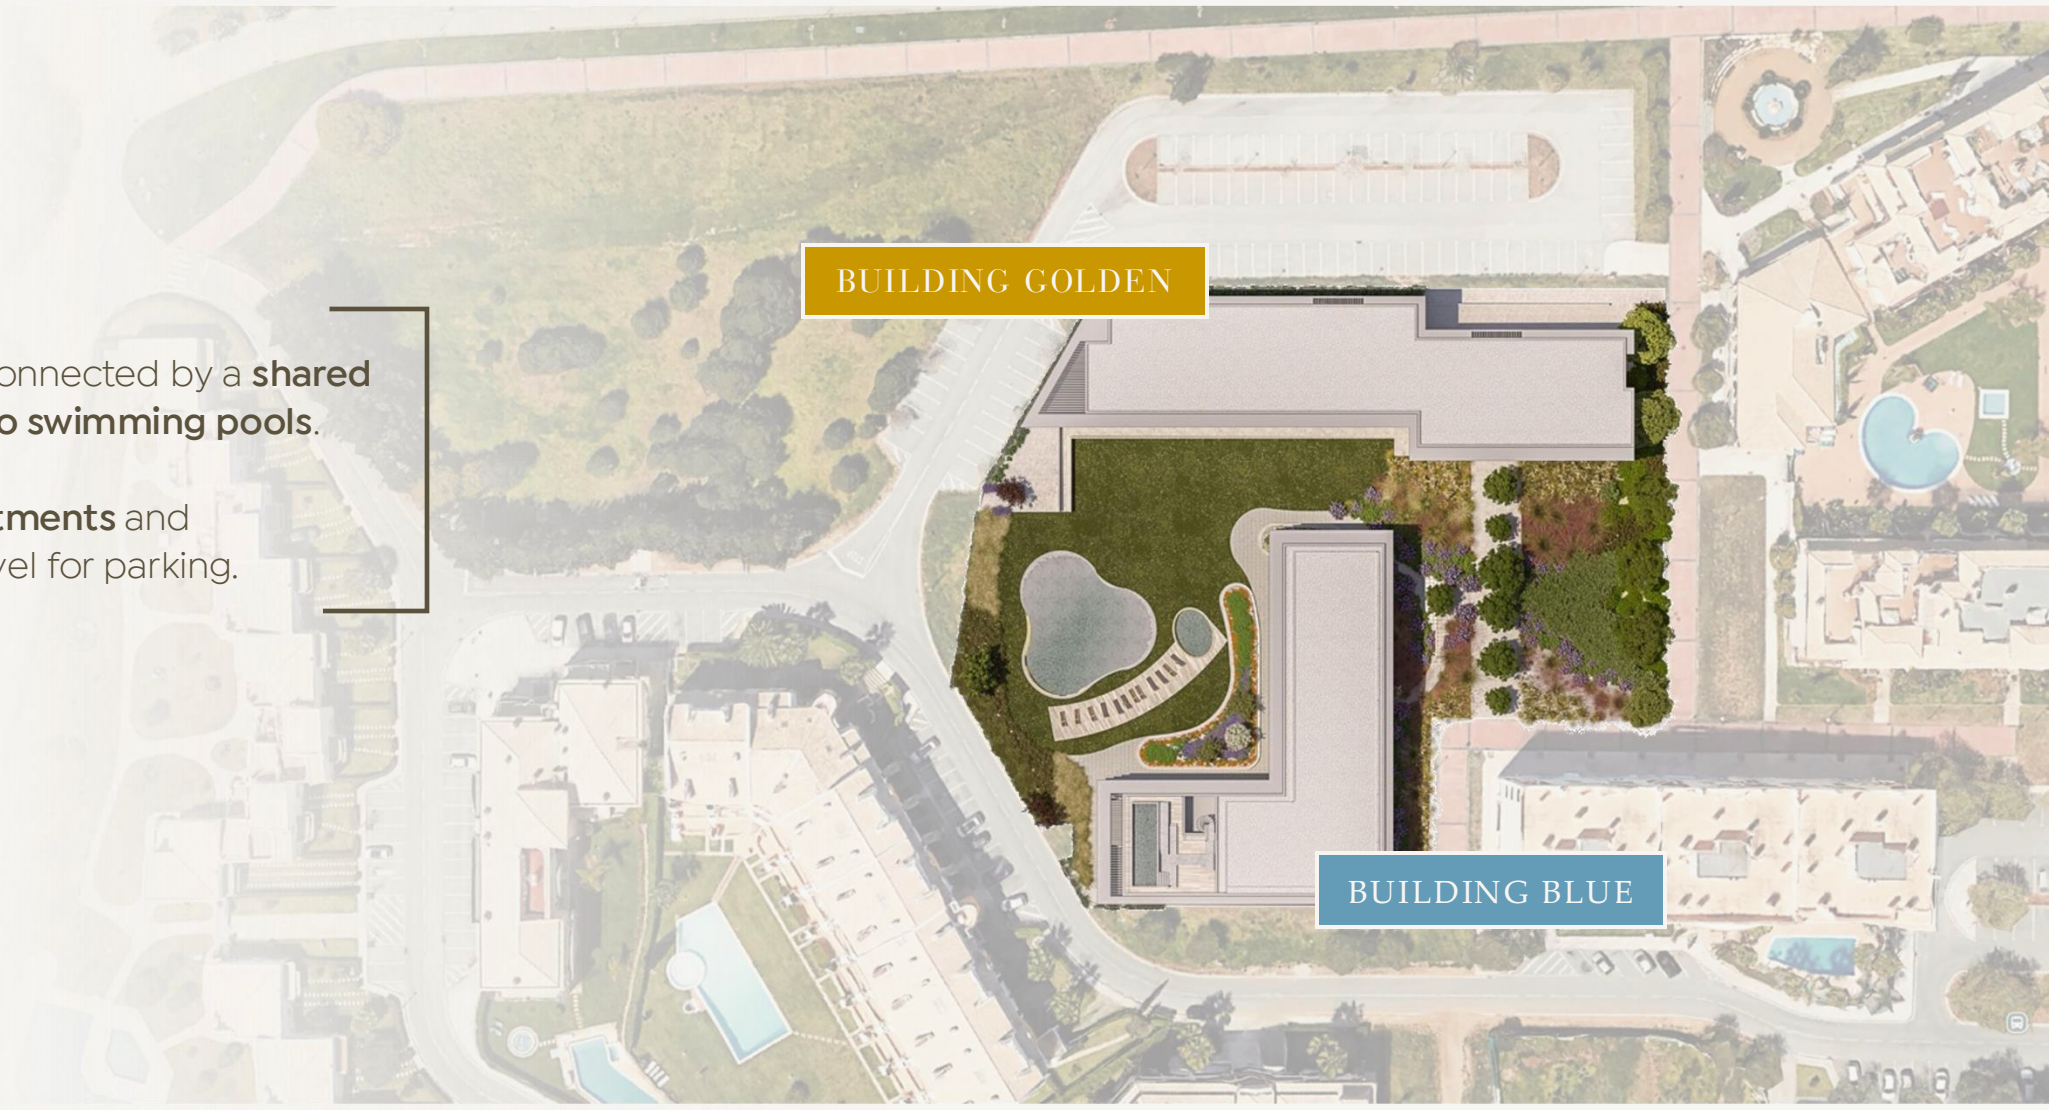

DEVELOPMENT

SERENITY

Two buildings interconnected by a **shared garden** featuring **two swimming pools**.

Three floors of apartments and one underground level for parking.
